

Group No	Project Ideas
5 (prev)	1. Artificially Enhanced Smart Identification System
	2. Smart Medication System
	3. Smart Mirror
	4. Smart temperature detection system
5	1. SUPERVISED MIST MULTIPURPOSED ASSISTANT (SUMMA)
	2. Smart Stick
	3. Automatic Transport
	4. Smart Child Care System
2	1. Automated Student management System for University
	2. Automatic Irrigation System
	3. Smart Home Automation
	4. Flood Water Recycling Drainage System
	5. A SMART BIKE CONNECTED WITH INTERNET OF THINGS (IoT)
7	1. Smart Firing Result Management System
	2. Smart Indirect Firing Weapon Plotter System
	3. Home Automation System
	4. Smart health Companion
3	1. Automated Bus System Form
	2. Automated fuel Pump
	3. Smart Communicator for the Disabled
	4. Smart healthcare System
6	1. Smart Unit Management System
	2. Digital OPS Room
	3. Smart Drainage System
	Air Traffic Control System
1	1. Advance Emergency Radar protocol System
	2. AR based Architectural Interior Design and Product Management
	3. personal Assistant
	4. Smart City Management System
8 (Submitted as group 9)	1. Agricultural E-commerce System
	2. Auto irrigation using soil moisture sensor
	3. Automated elevator with overload alert
	4. Digital Unit Managment System
